KLEEN-VIEW™

Washout Sink and Stand

ADVANTAGES

- Quick identification of pinholes and residue
- Simplifies and speeds up screen reclaiming process
- Works with daylight or artificial light sources
- Reduces mesh and labor costs
- Isolates cleanup process
- Improves worker safety
- Reduces potentially hazardous spillage
- Stainless steel construction

AWT's reliable Kleen-View™ Washout Sink and Stand is an essential component of the screen reclaiming process and a vital tool for maximizing screen room productivity. Designed for use with our Power-King™ or other pressure washing systems, Kleen-View units are ideal for degreasing mesh, removing inks, and reclaiming screens for reuse.

The translucent fiberglass back panel works with any light source to backlight screens, showing pinholes, unexposed emulsion, or residue. The extra-deep trough reduces backsplash, and the unit has a built-in exhaust outlet. Heavy-duty, stainless steel construction ensures years of reliable, rust-free service. Kleen-View units assemble and disassemble easily for mobility and convenience.

KLEEN-VIEW™

Washout Sink and Stand

AWT Safe-T-Wash™ Low-Odor Screen Wash

Safe-T-Wash™ is a special blend of cleaning solutions that meets standards for safe and effective cleaning of all screen printing inks. Safe-T-Wash has a low VOC rating and meets or exceeds most guidelines. This screen cleaning solution dissolves most ink systems efficiently with a minimum of time and effort.

CAT. NO.	DESCRIPTION
STW-L01Q	1-quart container
STW-L01G	1-gallon container
STW-L05G	5-gallon container
STW-L055G	55-gallon container

Features

- Heavy-duty, stainless steel construction
- High-impact, translucent fiberglass back panel
- Extra-deep trough
- Exhaust outlet (except tabletop KV-32TPSS)

Options & Accessories

- Optional efficient LED backlighting systems* (for original equipment only, not available for retrofit)
- Automatic water-spray emulsion removal system
- Sturdy, full-size storage shelf (except tabletop units and oversize units)
- Power-King 2™ pressure washers
- Drain filters
- Oversize units and custom configurations available

*Flammable solvents cannot be used with backlighting systems

Specifications

CAT. NO.	DESCRIPTION	MAX. FRAME SIZE	DIMENSIONS				
			A SINK WIDTH	B SINK HEIGHT	C LEG HEIGHT	D TOTAL HEIGHT	E SINK DEPTH
KV-32TPSS	Stainless-steel tabletop model sink with stand	26 x 26" (66 x 66 cm)	33" (84 cm)	32" (82 cm)	10" (25 cm)	42" (107 cm)	23" (58 cm)
