

POWER-KING™ 2

Series of High-Pressure Screen Washers

*Power-King 2
PK-1300*

*Portable Model
Power-King 2
PK-1200*

ADVANTAGES

- Variable nozzle pressure up to 1300 PSI provides versatility
- Easily remove hardened emulsions, blockouts and water-based inks
- Stainless-steel cover resists rust and corrosion
- Steel-reinforced rubber hose for maximum durability
- Degreases printing screens
- Detergent container for additional applications
- Models for different sizes and types of operation

AWT's Power-King™ 2 Series of High-Pressure Screen Washers set the industry standard for screen cleaning units, delivering up to 1300 PSI of directed spraying power and an output of up to 2.2 gallons per minute.

Designed to be easily integrated with AWT's Kleen-View™ Series of Washout Sinks, Power-King 2 units effectively remove hardened emulsion, unexposed emulsion, blockouts, and water-soluble films from polyester, nylon, silk, stainless steel, and other meshes. Power-King screen washers can also be used for degreasing screens.
