

SCREEN-EZE™

Professional Tabletop Screen Printer

Tabletop model

Floor model with optional
print arm and steel base

ADVANTAGES

- Horizontal screen lift with adjustable tension
- Eccentric roller bearings lock-in printing head
- Micro-registration system
- Side clamps for maximum screen frame support
- Adjustable off-contact
- Vacuum table leveling system

The versatile Screen-Eze™ professional small-format screen printer from AWT World Trade is precision-engineered for high-quality hand printing. Ideal for limited-edition artwork, decals, product labels, 3-D parts, membrane switches,

ad specialties and more, this system is loaded with user-friendly features to deliver outstanding performance and value.

Horizontal screen lift provides optimum ink control, while the lock-in head assures exact registration for multi-color jobs. Adjustable off-contact provides additional control over print quality and allows dimensional printing.

Adjustable side frame clamps support screen frames securely to ensure proper registration and image repeatability. The Screen-Eze features a flatness-certified all-aluminum vacuum table, for hand-printed quality that rivals the output of automated flatbed presses.
